California Campus Compact-Community Engagement Student Fellowship

DEADLINE: Thursday, May 10, 2018 at 4:00 pm

I. OVERVIEW

California Campus Compact (CACC) is a coalition of California's leading colleges and universities. We build the collective commitment and capacity of colleges, universities and communities to advance civic and community engagement for a healthy, just and democratic society.

California Campus Compact is pleased to announce the *California Campus Compact – Community Engagement Student Fellowship (CESF)*. CESF is 4-month initiative specifically designed to support student leaders advancing service, service-learning and community engagement at member campuses throughout the state.

II. CESF OVERVIEW - WHAT DOES CESF HAVE TO OFFER?

This 4-month fellowship is designed to support 1 or 2 students on your campus who will either 1) provide direct service; or 2) support a service-learning program; or 3) a combination of one and two. Each campus that is selected to participate in the fellowship will designate 1 or 2 students to receive a \$500 scholarship for personal or educational enrichment (per student, max. 2 students) directly from California Campus Compact. This is not a grant opportunity, and there is no matching requirement for this fellowship.

Project period: September 4, 2018 – December 11, 2018.

III. WHO MAY PARTICIPATE?

To be eligible to apply and participate, your campus must be an active CACC member institution.

NOTE: *CACC Member campuses who have not participated in the CACC-CESF program previously will receive priority in the consideration of their application.*

IV. STUDENT ELIGIBILITY

To be eligible to receive this scholarship, students must:

1. Be a full-time or part-time enrolled student (undergraduate or graduate) at a CACC member institution.
2. Commit to serving a minimum of 50 hours during the program period. Hours may be spread out throughout the program period, or clustered within a shorter time frame. Service hours may be connected to a course, internship, practicum, or may be a stand-alone activity.
3. Not be receiving alternate compensation for these service hours (ie, a student could not use a paid internship as part of this scholarship opportunity).
4. Not have participated previously in the CESF program.

V. REQUIRED OBJECTIVES - IF SELECTED, WHAT WOULD MY CAMPUS BE RESPONSIBLE FOR?

CACC seeks to fund campuses that will meet the following objectives:

1. Designate a campus staff or faculty member who will identify, select, and supervise the student(s).
2. Select 1 or 2 student leaders from your campus that would become part of the cadre of CACC student fellows. Students would need to commit to serve a minimum of 50 hours from September 4, 2018 – December 11, 2018.

At the conclusion of their commitment, students would receive a \$500 scholarship directly from California Campus Compact. Students must have a Social Security Number (SSN) or Tax Identification Number (TIN) to receive scholarship funds. Students must be selected no later than October 15, 2018.

3. Assign the student to engage in direct service activities; and/or
4. Assign the student to support a service program (i.e. a special project in your campus's Office of Service-Learning)
5. Share their story. Each student will be required to share their experience through a brief video (2-3 minutes) that can be shared and disseminated. Students will sign a media release so the video can be uploaded on the CACC website or other media outlets. Each student will also be required to send a letter to the President of the campus, highlighting their work through the CESF opportunity. Each student will also be required to send one thank you letter to the CACC-CESF donors whose support helps make this program possible.
